* Sour NBT

CIRCLE CORNER REGISTERED

DESCRIPTION IN DETAIL AS TO HOW CORNER WAS LOCATED AND IDENTIFIED OR RESTORED.

This corner was found by Forestry Division personnel during forest management work in this area. Found squared cedar post at corner as established by County Surveyor Sours, probably in early 1900's, and of record. Both new bearing trees in place but Twin Oaks are NW instead of NE. Nothing left for U.S. bearing trees.
